Achievement of Academic and Organizational Goals (Indicate the assessment used for each measure. Provide the target and actual performance for each measure. Use the legend below to color code each "Actual" performance cell. You may add additional lines for each measure as needed)												
Academic Goal 1: During each year of its first five-year charter term, the school system shall "beat the odds" as determined by formula measuring expected student growth												
Academic Goal 2: During each year of its first five-year charter term, the school system shall "beat the odds" as determined by formula measuring expected student growth. If each System Charter School fails to beat the odds in Year 1 of the charter, the Charter System shall decrease the number of System Charter Schools not beating the odds during Years 2 and 3 at a rate so that all System Charter Schools will beat the odds in Year 4												
Academic Goal 3: The school system will demonstrate proficiency and/or improvement on the CCRPI												
Measure 1: Using year one of the charter term to establish a CCRPI baseline, the system's CCRPI score shall be equal to or better than the State in year two, and better than the State in years three-five of the charter contract.												
Measure 2: If the system's first-year CCRPI score is lower than the State, the system shall have until the end of year two of the charter term to close the gap between the system and the State.												
Measure 3: In years three-five of the charter term, the system's CCRPI score shall be better than the State.
