The Parent Post

Colquitt County Schools Parent and Family Engagement
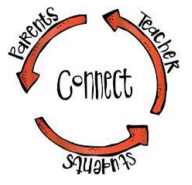

Mary Beth Montgomery, Parent And Family Engagement Director

Parent Engagement Survey

Dear Parents/Guardians:

Each year the Colquitt County School System (CCSS) tailors our Parent Engagement Program to meet the needs and interests of our parents. Your input is not only valued and welcomed but it is vital for the success of the program. The results of this survey will help us know how to effectively plan parent engagement activities to support our families. Please answer each question as openly and honestly as possible. Your answers will be anonymous. Only one survey should be completed per household.

TIP OF THE MONTH:

Spend 20-30 minutes reading with your child daily. Allow your child to read to you or a sibling...the more practice a child gets in reading, the better!!!

Parent and Family Digital Learning Guide
(US Department of Education)

What can this guide do for you?
Your involvement in your child's education can lead to better learning results and outcomes. This "Parent and Family Digital Learning Guide" will inform you, as a parent or caregiver, as you monitor your child's progress as your child accesses and uses technology for learning.

This guide aims to help all parents and caregivers, including those who have limited experience with digital tools, those who are expert with these tools, and anywhere in between. Each section starts with foundational pieces and builds from there.
Making the most of this guide

1. **Scan**: Each section of the Parent and Family Digital Learning Guide can be read independently. Please scan the guide for content and resources that are most helpful to you.
2. **Discuss**: Find time to discuss the principles explained in the guide with your children. You can also use the questions at the end of each section to start conversations with teachers, school leaders, and other parents
